# Proyecto Grupal 2022

- La creación de una **propuesta que contribuya a hacer frente a uno de los retos globales incluidos en la Agenda 2030** de Naciones Unidas.

Esta propuesta tendrá que incluir:

- la descripción del reto a hacer frente junto con su contextualización,
- las medidas específicas a asumir,
- los actores europeos y asiáticos involucrados en su ejecución,
- y de qué manera los estudiantes universitarios van a colaborar en su desarrollo

Las propuestas serán redactadas y publicadas en la web del curso, junto con un vídeo explicativo elaborado por los propios participantes.

## Proyectos / projects

A continuación puedes visualizar los proyectos presentados por los estudiantes del Curso EurAsia Burgos University 2021:

- **Teaching kids to embrace diversity**
- **Improving access to drinking-water and sanitation services for rural communities throughout the globe**
- **Equalia - Justice for everyone**
- **LightBike - SDG.7 Affordable and clean energy**

# Teaching kids to embrace diversity

## Description of the challenge you will be working with and its context

**Target 4.7:** By 2030, ensure that all learners acquire the knowledge and skills needed to promote sustainable development, including, among others, through education for sustainable development and sustainable lifestyles, human rights, gender equality, promotion of a culture of peace and non-violence, global citizenship and appreciation of cultural diversity and of culture's contribution to sustainable development.

The screenshot shows a video player interface. On the left, there are two small video thumbnails of participants. The main content area features a slide with the following elements:

- Top text: "Sustainability, Resilience, Ethics and Social Responsibility in Eurasia Community amidst a Global Covid Pandemic"
- Logo: "OBJETIVOS DE DESARROLLO SOSTENIBLE" (Sustainable Development Goals) with the number 4 and "EDUCACIÓN DE CALIDAD" (Quality Education).
- Illustration: A group of diverse children standing on a globe.
- Text: "Proposal: Teaching kids to embrace diversity"
- Bottom left: "UNIVERSIDAD DE BURGOS" logo and "Vicerrectorado de Internacionalización, Movilidad y Cooperación".
- Bottom right: "Eurasia Foundation" logo.

At the bottom of the video player, there is a progress bar showing 0:36 / 7:49 and standard video controls.

We want to contribute to the knowledge of Asian people's traditions, habits, ideas, feelings, and fears, as part of children's cultural education to place value on the existence of different cultures and point out the similarities of our characteristics as citizens of the same world.

To narrow the issue down and carry out a more realistic project, we have focused on Spain's Chinese community, which has highly increased in the last years, occupying, in 2020, the sixth position within the immigrant population in Spain (1).

# Equalia - Justice for everyone

## Which Sustainable Developing Goal from 2030 Agenda will you like to help to find a solution to?

With this project we are facing one main SDG from 2030 Agenda: SDG 10: Reduce inequalities within and among countries. Within this SDG, Equalia is mainly working with Challenge 10.7 and Challenge 10.2.

Contrasting the information provided by the official study: the SDGs in the town of Burgos, prepared by the University of Burgos and presented in 2020

Therefore, in order to achieve Challenge 10.7, Equalia provides legal advice for migrants to obtain a settled status in Spain and inform them about the process they must follow to achieve this - always under the supervision of a professional-. We ensure a safe, - Final Project 2021 - - 4 - regular and responsible mobility of people through the promotion of planned and organized migration policies.

In order to achieve Challenge 10.2, Equalia is promoting the inclusion of many members of the society regardless their conditions. We want these members of the community to feel included and protected by our society.
